To M. W. Chapman

My dear friend my brother's & sister's visit to Boston at this time gives me the opportunity of cordially greeting you at your An. Festival. This day has been spent in labor for ours — the evening with our circle which increases in interest & efficiency. There is much to cheer us in our toils.

Thy promise, — was it not a promise to our friend E. M. Davis? — to come to us this winter — was hailed with delight

So much is there in connection with our cause on which we long to commune.

R. D. Webb wrote me that he had requested a picture of O Connell to be sent me if not all sold. If there be one for me my sister, Mrs. Sarah Pugh who I am happy is to be in Boston at this time will bring it to me. My grateful remembrance to Mr. & Mrs. Chapman - and affectionate greetings to Mary Chapman Anne & Caroline Weston

truly & cordially

Sarah Pugh
